

# SCHOOL SPIRIT

April 2017

Hi everyone,

I wanted to share some information about the Strategic Operating Plan (SOP) that will be presented to the school board in April. This plan has been the result of several months of work collecting data and getting feedback from the staff, parents, and community. This plan will help to guide our district over the next three years in the areas of technology, facilities, teaching/learning, and communication.

The creation of a Strategic Operating Plan does not mean that all the work has been done this year for the next three years. It means that we have identified many tasks that need to be completed over the next three years to implement improvement in each of the strategic areas. Some of the work was completed this year in preparation for the development of the Strategic Operating Plan but much of the more detailed work is still ahead of us and the Strategic Operating Plan is a roadmap for us to follow so we can all be moving in the same direction.

One area that I wanted to focus on this month was the area of technology. In September we formed a Steering Committee led by our Technology Facilitator, Mr. Curt Tauke. The purpose of this committee was to help to create a shared vision of what technology will look like in the Monticello Community School District in the upcoming years. As a result of many fantastic discussions it is the recommendation of the committee to transition the Monticello Community School District to become a 1:1 district. So what does that mean? This means that the Technology Steering Committee has laid out a plan to transition our school district into a place where each student has a device to use on a daily basis for research, collaboration, creation, problem solving, etc.

There are many steps to this plan. It begins this summer with an update to the infrastructure at the middle school and the high school. Then each campus will be able to wirelessly sustain the use of many devices each day. Then during the 2017-2018 school year we will provide training to our staff and prepare procedures/policies to be able to implement a 1:1 roll out during the 2018-2019 school year. Beginning in the 2018-2019 school year students in grades K-2 will have an iPad that will be for use during the school day. Students in grades 3-6 will have a Chromebook that will be for use during the school day. Students in grades 7-12 will check out a Chromebook that they can use at school or home each day during the school year. This Chromebook will be their responsibility just like a textbook. It is exciting to imagine the types of learning that our students will have access to and what our district will look like in 3-5 years.

Of course this is the short version of the implementation plan. There are many pieces that we will need to come together to prepare our staff, students, and community when we make this transition, including final approval from the school board in April.

As always if you have any questions please feel free to send me an email or give me a call at any time. Thank you for your continued support of the Monticello Community School District.

Sincerely,

*Dr. Brian Jaeger, Superintendent*

A special thank you to auctioneer Darrell Reyner, to Teddy's Barn & Grill for a delicious meal, The Porch Posse ladies for serving, June Fellingner for all of the decorations, Kevin & Annette Smith for the music and sound system, Nancy Miller's Foods Class for the wonderful desserts, the Jones County Dairy Board for the ice cream and also the cheese trays, Fareway for the meat trays, and Winnie Williams for the punch ingredients, Culligan Total Water for the bottled water, and to the Monticello Chamber for serving wine & soft drinks. Contact Mrs. Stingley at [christi.stingley@monticello.k12.ia.us](mailto:christi.stingley@monticello.k12.ia.us). Honors Night is scheduled for **Tuesday, May 23rd** at 7:30 PM.

**Breakfast**—Did you know? Breakfast is the most important meal of the day. Your body is like a car; if you don't put fuel in, it won't run. Eating breakfast has been proven to show that students have higher test scores, concentrate better in class, reduced absenteeism, and reduced behavior problems. At Monticello Schools we offer breakfast daily at all of our school buildings.
