

SCHOOL SPIRIT

June 2018

Hi everyone,

What an exciting and wonderful time of the year!!! Remember when you were a kid and it was the last day of school? The anticipation of summer and all of the plans you had were just moments away. I actually remember looking at the clock in elementary school on the last day and thinking, did it stop? Why is it not moving?

Take some time to celebrate the end of the year with your children. Moving from one grade to another is a great milestone and should be celebrated. Then get them back to work!!! Educational research shows that students can lose ground over the summer very easily if they do not continue to engage in learning. Binge watching Netflix on the couch, playing video games, and spending all day on social media does not count as learning. Here are some practical ideas...ride bikes with a friend, go for a hike, catch night crawlers and go fishing, play tennis, join a sports team, be involved with your church, build something, get a job, bake something, run a lemonade stand, etc. The most important thing I can share educationally over the summer is to get your child to read, even if only for a short time each day. Set some summer reading goals with them and most importantly....you will need to give them an incentive to read.

***"I often enjoy reading over the summer when school is out just to keep learning."
- Said no child ever***

Even if they like reading, incentives can be rewarding for the child and parent. The incentives can be as easy as giving them a dollar for each book they read, trading screen time for reading time, taking them out for ice cream after each book, playing a game with them after they complete a book, or even better yet if you have more than one child...one on one time with a parent.

I want to congratulate our graduating seniors and their families. It is always wonderful to see the confidence and excitement in our students' faces as they cross the stage and receive their diploma. I know this group has done so many amazing things while they were in high school and I expect that to continue in the next chapter of their life.

I would also like to encourage you to visit our website and learn a little more about the School Bond election coming to our district in September. We have put a lot of information on our website (www.monticello.k12.ia.us) and want people to understand the facts about the election. Below is a rendering of the proposed 5-8 Middle School addition at the High School site.

As always if you have any questions please feel free to send me an email or give me a call at anytime. Thank you for your continued support of the Monticello Community School District.

Sincerely,

Dr. Brian Jaeger, Superintendent

All district employees are encouraged, and employees who constitute mandatory reporters pursuant to state law are required, to report alleged incidents of child abuse that they become aware of within the scope of their professional duties.
