Building principals may receive pieces of educational equipment or materials for an attendance center as a memorial to a student or person having a special significance to the students of that school. Items received as memorials become the property of the school district. Principals must have the superintendent's approval to accept any item that may require additional maintenance cost to the school district. The superintendent may establish guidelines for the acceptance of such memorials.

Dedication and naming of permanent structures, or parts thereof, or property upon which they exist, to recognize any individual or groups or dedicated to the memory of any individual or group, must receive unanimous approval of the board.
