

The board believes inappropriate student conduct causes material and substantial disruption to the school environment, interferes with the rights of others, and/or presents a threat to the health and safety of students, employees, and visitors on school premises. Appropriate classroom behavior allows teachers to communicate more effectively with students.

Students will conduct themselves in a manner fitting to their age level and maturity and with respect and consideration for the rights of others while on school district property or on property within the jurisdiction of the school district; while on school owned and/or operated school or chartered vehicles; while attending or engaged in school activities; and while away from school grounds if misconduct will directly affect the good order, efficient management and welfare of the school district. Consequences for the misconduct will be fair and developmentally appropriate in light of the circumstances.

Students who fail to abide by this policy and the administrative regulations supporting it may be disciplined for any of the following:

1. Conduct which disrupts or interferes with the education program;
2. Conduct which disrupts the orderly and efficient operation of the school district or school activity;
3. Conduct which disrupts the rights of other students to participate in or obtain their education;
4. Conduct that is violent or destructive; or
5. Conduct which interrupts the maintenance of a disciplined atmosphere. Disciplinary measures include, but are not limited to, removal from the classroom, detention, suspension, probation, and expulsion.

Teachers and/or others who are in charge of a classroom must be the administrators of classroom discipline. Therefore, minor disciplinary offenses are the responsibility and obligation of the classroom teacher. When a situation arises wherein the educational process is substantially interfered with, it then becomes the responsibility of the administration to assist in the disposition of the discipline problem.

Impermissible Conduct

Students may be disciplined for conduct that violates commonly held notions of acceptable, moral or appropriate behavior, including but not limited to the following:

1. Open and/or persistent defiance of authority, school rules, and regulations (including extracurricular rules);

3. Extortion, intimidation or coercion;
4. Inciting others to violate the law or school rules;
5. Vandalism;

- controlled substances or drug paraphernalia;

 19. Destruction, damage, unauthorized use, inappropriate use, and/or manipulation of hardware, software or any aspect or component of the school's electronic information system including the internet; or
 20. Inappropriate sexual conduct including harassment, indecent exposure, and visible display of affection.

A student who commits an assault against an employee on school district property or on property within the jurisdiction of the school district; while on school-owned or school-operated chartered vehicles; while attending or engaged in school district activities will be suspended by the principal. Notice of the suspension is sent to the board president. The board will review the suspension to determine whether to impose further sanctions against the student which may include expulsion. Assault for purposes of this section of this policy is defined as:

1. An act which is intended to cause pain or injury to, or which is intended to result in physical contact which will be insulting or offensive to another, coupled with the apparent ability to execute the act; or
2. Any act which is intended to place another in fear of immediate physical contact which will be painful, injurious, insulting or offensive, coupled with the apparent ability to execute the act; or
3. Intentionally pointing a firearm toward another or displaying in a threatening manner any dangerous weapon toward another.

The act is not an assault when the person doing any of the above and the other person are voluntary participants in a sport, social or other activity, not in itself criminal, when the act is a reasonably foreseeable incident of such sport or activity, and does not create an unreasonable risk of serious injury or breach of the peace.

Sanctions for Student Misconduct

The District may impose a range of disciplinary measures for acts of misconduct. Disciplinary measures include, but are not limited to, removal from the classroom, restriction from school activities, detention, suspension, probation, and expulsion. Discipline will be administered

depending on the severity and frequency of the acts of misconduct. The imposition of discipline will be within the discretion of the individual responsible for imposing the discipline. In instances where there has been a violation of the law, as well as school rules, appropriate law enforcement officials will be contacted and may become involved in the District's administration of discipline. The school reserves the right to seek restitution from the parents/guardians of a student or the student for damage caused by the student.

A restriction from school activities means a student will attend school, classes, and practice, but will not participate in other school activities.

Removal from the classroom means a student is sent to the building principal's office. It is within the discretion of the person in charge of the classroom to remove the student.

Detention means the student's presence is required during non-school hours for disciplinary purposes. The student can be required to appear prior to the beginning of the school day, after school has been dismissed for the day, or on a non-school day. Whether a student will serve detention, and the length of the detention, is within the discretion of the licensed employee disciplining the student or the building principal.

Suspension means; either an in-school suspension, an out-of-school suspension, a restriction from activities or loss of eligibility. An in-school suspension means the student will attend school but will be temporarily isolated from one or more classes while under supervision. An in-school suspension will not exceed ten (10) consecutive school days. An out-of-school suspension means the student is removed from the school environment, which includes school classes and activities. An out-of-school suspension will not exceed ten (10) days.

Probation means a student is given a conditional suspension of a penalty for a definite period of time in addition to being reprimanded. The conditional suspension will mean the student must meet the conditions and terms for the suspension of the penalty. Failure of the student to meet these conditions and terms will result in immediate reinstatement of the penalty.

Expulsion means an action by the board to remove a student from the school environment, which includes, but is not limited to, classes and activities, for a period of time set by the board.

Following the suspension of a special education student, an informal evaluation of the student's placement will take place. The Individual Education Program (IEP) is evaluated to determine whether it needs to be changed or modified in response to the behavior that led to the suspension. If a special education student's suspensions, either in or out of school, equal ten days on a cumulative basis, a staffing team will meet to determine whether the IEP is appropriate.
