

Students will have the opportunity to participate in the health and accident insurance plan selected by the school district. Participation in the insurance health and accident plan is not a contract with the school district, but rather, a contract between the insurance company and the student.

Except as otherwise outlined in this policy, the purchase of student insurance shall be voluntary with the entire cost being paid by the student or the student's parents.

Students participating in extra-curricular and co-curricular activities should have health and accident insurance. This insurance is not provided by the school and should be purchased by the student or the student's parents.
