Dr. Jaeger started the meeting by reviewing responses from the ticket out the door from the last meeting: “What is something that has been on your mind since the last meeting related to school facilities?”

The group then discussed in small groups the following questions:

1. What are the needs and what are your ideas for our facility challenges?
2. What are solutions you can live with?
3. Why now?
4. How do we make us better?

Each group presented their responses to the committee and held additional discussion.

Dr. Jaeger announced that the November 1st and November 15th facilities meetings had to be canceled due to other obligations. (*Reviewing RFP's from Architect firms and IASB Convention*).

At the next meeting, Dr. Jaeger will go over the Board's perspective, the staff's perspective and his own perspective on our facilities. Also, we are hoping to have an architect firm present at the November 29th or December 6th facilities meeting.

This was a Facilities Committee Meeting no action or voting took place. The meeting concluded at 7:30pm. The next meeting will be on Wednesday, November 29, 2017 at 6:00pm.
