Growing readers one book at a time.

It's never too early to start reading to your child! We are proud to present the 1000 Books Before Kindergarten program with help from our sponsors. The challenge is to encourage all families and caregivers to read at least 1,000 books with their young children ages 0-5, before they enter Kindergarten. This free program is designed to be simple and encourage making reading a daily habit, starting as early as your baby's first days.

Registration for program will begin on November 4.
