

StudyPug Math Help Scholarship

Essay Topic

Math is everywhere around us. Benjamin Franklin once said: "No employment can be managed without arithmetic, no mechanical invention without geometry."

To the best of your ability, complete a 500-1000 word article discussing how a math teacher, a math class, a math tutor, or a math lesson has changed how you see the world around you.

Selection and Eligibility

The annual scholarship award is for students who are currently enrolled as a high school or college/university student within the United States or Canada.

Applicants must complete the student information form below and submit their 500 to 1000 word essay on the selected topic in PDF format. The essay, idea, or creation must be the applicant's original work.

The Scholarship will be awarded to the student who writes the most compelling essay as judged by an outside panel of educational professionals.

All submissions must be uploaded no later than 11:59 pm PST on December 15th, 2017.

Scholarship Amount

The applicant of the winning project will receive a one-time scholarship of \$1000, which may be applied to the following school-related expenses: tuition, fees, books, and on-campus room and board. The scholarship winner will be contacted via email at the address provided and must respond within five(5) days to receive the award. Scholarship funds are provided by StudyPug and will be paid via mail to the winning applicant.
