

## 2018 ELEVATE SCHOLARSHIP PROGRAM

Manufacturing firms supply more than 208,858 jobs to lowans. These well-paying careers require education and training beyond high school, but many don't require the often burdensome cost of a bachelor's degree. Recent studies have shown that two-year degree holders, especially in high-demand manufacturing occupations, can earn salaries that surpass those of college graduates.

A career in manufacturing means getting to work sooner with less debt.

Elevate Advanced Manufacturing promotes great careers in advanced manufacturing. In 2018, Elevate is offering (15) \$500 scholarships to Iowa <u>high school seniors</u> interested in studying a manufacturing-related career at one of Iowa's 15 Community Colleges – 1 award will be made per college region.

Interested candidates can apply by completing the following application. For more information about manufacturing careers, visit www.elevateiowa.com.

Great Jobs, Great Benefits, Great Life.

## APPLICATION DEADLINE: MARCH 2, 2018

Applications should be sent to Alexandra Monaghan, Elevate Advanced Manufacturing Program Coordinator.

Email: amonaghan@measuredintentions.com or

Mail to: Alexandra Monaghan, 8510 New York Avenue, Urbandale, IA 50322

## **Scholarship Narrative:**

Attach your responses on a separate page. Please limit to no more than one page total.

- 1. Why are interested in pursuing a career in manufacturing?
- 2. Do you have any experience working in a manufacturing-like environment (part-time job, internship, working on your own at home/with friends)? If you have had a job/internship, please identify with what company.
- 3. Is there any other reason you believe you deserve this \$500 scholarship?
