

JACK RECKER SCHOLARSHIP 2021

This scholarship is directed towards graduating seniors of Monticello High School in 2021 who desire to pursue a 2-4 year college education in the agricultural field. Agricultural is not just a way of life, it was Jack's passion. This is the tenth year for the scholarship to be given in Jack Recker's honor. One thing that Jack admired most was someone who worked hard to better themselves. If you enjoy your work it is not work. He was a strong-willed determined person who rarely let an opportunity go by to make an impact on someone's life. He knew what he wanted and worked hard to achieve his goals. Jack and I have always enjoyed watching today's youth strive for the best within themselves. We are in hopes that this scholarship is used to help a young adult reach their full potential in a desired agricultural field. The family of Jack Recker is appreciative of all who take the time to apply for this scholarship. We wish each applicant success in whatever they choose to do.

Please take the time to fill out this application and write your response in paragraph form addressing your future plans in the agricultural field.

Mail to Pam Recker at 3115 310th Ave Hopkinton, IA 52237 by March 30, 2021. This will be awarded at the FFA Banquet on April 8, 2021.

Applicant's Name: _____

College Attending: _____

Enrollment Date: _____ Major: _____ GPA _____

Parents or Guardians: _____

1. As you prepare yourself for your future, please list your priorities in order of importance to you and why.
2. Explain your future career plans and goals that you have for yourself.
