

Students may be exposed to irritants that pose a risk to the student's health and safety during the school day. Parents and students shall take all precautions to ensure that they are not exposed to such irritants and/or allergens.

If the parent(s) requests a meeting, the district will meet with the parent(s) and/or student to discuss the student's exposure to irritant(s) and/or allergen(s), and, if appropriate, develop a plan to limit the above student's exposure to irritant(s) and/or allergen(s). Every such plan to avoid exposure shall include a completed Parental Identification of Student Irritant and/or Allergen Form and a completed Parental Authorization and Release Form for the Administration of Medication to Student.

The district cannot guarantee that the student will never be exposed to such irritants and/or allergens. If a student is exposed to such an irritant and/or allergen and/or suffers from an allergic reaction, the district may administer medication to the student as necessary according to its policies and procedures.
