ONE-TO-ONE DIGITAL DEVICE PROGRAM TECHNOLOGY ADOPTION CHECKLIST

Prior to adopting or renewing any one-to-one digital device programming, the board will consider all of the following when making programming decisions:

- The instructional Purpose of the device;
- The age appropriateness of the device and associated software;
- Content-filtering limitations and the district's capacity to mitigate those limitations;
- Whether student data is collected, stored, or shared and the nature of such data practices.

The board delegates to the superintendent, or their designee, the responsibility to bring forth a recommendation on the use of one-to-one instructional technology. The district maintains this checklist in its records for the purpose of compliance with Iowa Department of Education audit requests.
